

LARGE SUNDAY MORNING CROWD AT HEALANI CLUB

Surplus in Club's Treasury Admits of Many Improvements--Cups for Sea Wren Races.

One of the largest Sunday morning crowds ever seen at the Healani club house was out yesterday. More than fifty members were out for rowing and other forms of exercise and the place presented a very lively spectacle, despite the squally and rainy weather.

The directors held a meeting and some important business was decided on. The matter of the new boats was not brought up, except for incidental discussion, as one member of the committee appointed to look into the matter of raising funds, was unable to be present. A letter from Rogers, the boat-builder of San Francisco, was read and he quoted prices that met with general approval.

The treasurer reported an agreeable balance to the good in the treasury, owing to the large number of new members who have come in lately and the proper collection of dues that has been going on the club is now entirely out of debt and has a good balance.

It was decided to have a knockabout skiff built at once for the use of the members of the club. At present there is nothing of this kind and as there is as much fun to be had out of knocking round the harbor in a skiff, as anything else, it was at once agreed to have a boat built. It will be fitted with a centerboard and a sail already the property of the club and a carpenter will start work on it today.

A new spring board was also ordered and arrangements made to fix up the traps on the high dives. The matter of traps for taking small sailing boats out of the water, was referred to a committee, as it will be a matter of no little expense.

The same man who is to build the skiff was consulted on the day set aside yesterday morning and he said that the best thing to do would be to have a decked with a single mast. This arrangement could be erected much more cheaply than two masts and would be even more efficient. He was instructed to give an estimate on this work and also on repairing the piling of the main platform, which has become pretty badly worn out.

Many New Members.

The names of fifteen new members were presented at the meeting and approved. This is the largest number so far, since the time when the association, the membership has increased so rapidly that it will soon be in the four digits, if it goes on at this rate.

Many of the old members have got bound in their dues on account of a break in the club's financial affairs, but a number have already paid up and others are promised to do so as soon as possible from Hawaii and Honolulu.

FLYER'S PROGRAM FOR THE YEAR

Another meeting for 1910 program was planned. The regular meeting on Jan. 20, 1910, was postponed to April 1, 1910, due to the fact that the members were still in the country. A new date for the annual meeting was also set for April 1, 1910.

Meeting dates for Hawaiian Division, regular meetings, April 1, 1910, and May 6, 1910.

Special April Meeting, Nov. 15, 1910, and May 7, 1910.

Annual meeting May 15, 1910.

Annual meeting May 15,
